This is the perfect scavenger hunt for a big present scavenger hunt for someone special! Use this hunt for the biggest and most special present that you want your loved one to have to work for to find it in your special hiding place!

BIG PRESENT SCAVENGER HUNT DIRECTIONS:

The Big Present Scavenger Hunt was created for that special present that you want your loved one to work extra special hard for on their birthday! This is perfect for adding suspense and excitement to your hunter getting to open his or her big present! The clue cards (labeled A-Y) can be used in any order you wish and you can omit any clue cards that you do not want to use to make your hunt any length that you desire. We realize that you may not have all of the locations within your home - so simply omit these clue cards from the hunt.

PREPARATION: Print this kit and cut out the clue cards. Slip each of the clue cards below into brightly colored envelopes (i.e. red, blue, etc.). Prior to the hunt, you will need to hide one envelope per location that you will use in the game. Fill in the Master Hunt list (using the Master Hunt List on page 11) with the order in which you will hide your clue cards including the answer to each clue card that the hunter is to find and therefore solve (which will be the next location in the chain) so you can keep track during the hunt (i.e. how many cards are left to be found, where they are located and in case they need a hint – you'll be ready to help)!

GAME PLAY: Hand the first card (of your choice) to the hunter to start the hunt. The hunter is to solve the riddle/code and find the subsequent clue card in the chain until they get to the end (of your choice) where you have hidden their 'big present!'

THE ANSWERS TO THE CODES/RIDDLES AND WHERE TO HIDE THE NEXT CLUE CARD IN THE HUNT ARE AS FOLLOWS:

You decide the *difficulty* of the clue-card location. For example, with a younger child, for the clue card following 'A' that is to be hidden in the refrigerator, you would simply hide it where it could be seen when the child opens the door. However, for teen/adult hunters, you can hide it in a more difficult place within the refrigerator like maybe an egg carton!
