GUEST LIST

MAGDALENE LEBEAU

Vampire

Magdalene LeBeau is the leader of the vegetarian vampires of the Northern Hemisphere. She has kept her bloodline secret from all other factions on Earth and has lived in harmony with the humans for many centuries, only feeding on animal blood. Behind the scenes, Magdalene is ruthless and will stop at nothing to get what she wants. She doesn't work well with others.

FRANCOIS TUSSAND

Vampire

Francois Tussand is the unpredictable leader of the Southern Hemisphere Vampires. Over the years, Francois has dealt with the humans chasing after what they believed to be merciless serial killers. However, the humans had no idea they were hunting hungry vampires. Francois's bloodline retained the thirst for human blood – unlike the Northern Vampire Faction.

CYRENA CRYPT

Sorcerer

Cyrena Crypt is one of the most powerful witches of the Royal Ravenblood Coven – the international governing body of sorcery. Cyrena, the head witch of Order One, uses her power to fulfill her yearnings—even though the Treaty of Crimea signed with the vampires in 1353 outlines she can only use magic to defend herself or conceal her identity from the humans. She lives among the humans as a psychic in Austin, Texas.

KADIR EVILIAN

Sorcerer

Kadir Evilian is the head warlock of Order Thirteen of the Royal Ravenblood Coven – the international governing body of sorcery. Kadir is reckless and has always pushed for the Human Faction to be told of the Sorcerer's existence—but only because Kadir wants to rule them.

CIAR CLENNAN

Werewolf

Ciar Clennan is the bold Alpha of the European werewolf clan. Ciar always does the right thing and lives a virtuous life. Ciar rules his clan with strict rules and has never allowed the humans to know about the werewolves' existence, for the humans believe they eradicated the wolves centuries ago. Werewolves were only mentioned in human storybooks until now.

CORREEN DEVANY

Werewolf

Correen Devany is the rogue werewolf from Rome, Italy. Correen lives her life without rules, as she never bonded with her clan as a child. However, Correen has picked up straggler werewolf followers over the years and has amassed quite the clan of misfits. Correen hasn't been around Ciar, her would-be Alpha, since she left the pack as a small child.

JUNE GRACE

Human

June Grace is the head of the National Security Advisement Committee of the United States. June is fearless and will do whatever is necessary to save the Earth. She's uneasy about the newfound relationships with the supernatural world, but if anybody in America could form a strong alliance with the other three factions, it would be her.

CALEB CANE

Human

Caleb Cane is the Secretary of State of the United Kingdom's Ministry of Defence (MoD). Caleb is a member of the global human task force working on the defense plan for Earth against the Cluster of Keres – the deadly asteroids headed for Earth. Caleb is arrogant and can be difficult to work with, but with a background in theoretical physics and an extraordinary IQ of above 200, he is a modern-day Einstein.

JULIEN TREMBLAY

Vampire

Julien Tremblay is the second in command of the Southern Bloodline of Vampires. Julien is loyal, dedicated and will do anything Francois Tussand commands. The Southern Vampires are elitist and on the verge of a civil war with the Northern Vampires. Julien has a bit of a temper and a voracious appetite for human blood.

ROWAN SKYE

Sorcerer

Rowan Skye is the head witch of Order Seven of the Royal Ravenblood Coven – the international governing body of sorcery. Rowan was born with the ability to control electricity and is one of the most formidable witches in the faction. Rowan, however, has been having trouble controlling her power lately – especially during thunderstorms.

PAXTON RAZOR

Werewolf

Paxton Razor is the fearless Alpha from the American werewolf clan and member of the National Security Advisement Committee of the United States. Paxton has recently traveled the world in search of the members of his faction, to no avail, as werewolves are masters of staying hidden. He is best friends with the human June Grace. However, because he lives disguised as a human, he's never confessed his true identity. That is, until now.

VICTORIA GLAMINTON

Human

Victoria Glaminton is the wife of the infamous billionaire, Montfort Glaminton, III, a real estate magnate from Virginia. The Glaminton's are a powerhouse—both influential and intimidating. Their hands are intertwined in any big news story and are notorious for making their own headlines. Victoria will do absolutely anything to get noticed.
