HOW TO HOST A LARGE PARTY WITH THIS GAME:

- 14 players from the main game (*purchased separately*)
- 6 players from expansion pack #1 (*purchased separately*)
- Up to 15 players with a team with Tele Ewe as the RBC News Crew (expansion pack #1)
- Up to 6 players with expansion pack #2 (*purchased separately*)

There are 26 unique players and an additional 15+ you can invite as duplicate team players totaling 40+ players on your guest list!

There is an expandable team in Expansion pack #1:

Expandable Teams: Some games may have expandable players. This is denoted in the description, the product details and the character list. This means a specified player(s) is designed to have an optional team with them during the game. It's as if you were invited to a party and decided to bring along your friends/colleagues. What would you speak to the other guests about if you attended a party with your friend? You'd have the mutual acquaintance in common, so that's what you'd talk about! In other words, if the character is a magician, they can have a team of up to ~15-20 magician's assistants with them. The assistants' cards will have the information/clues of their lead player and that is what they use to play with in the game. The expandable players all have duplicate cards, but are in the game just like everybody else otherwise. This is a great way to host large events and still give everyone a role in the game. If you are hosting a party for 100-200 people, you would not want 100-200 story lines to sift through once the mystery occurs. That's a nightmare. This enables you to grow your guest list without adding chaos to your game.
