Expandable Teams: Some games, including this one, have expandable players. The one expandable player in this pack is Sheriff Nelson. This means this character is designed to have an optional team with them during the game. It's as if you were invited to a party and decided to bring along your colleagues. What would you speak to the other guests about if you attended a party with your boss? You'd have the mutual acquaintance in common, so that's what you'd talk about! In other words, if the character is the sheriff, they can have a team of up to ~15-20 deputies with them. The team cards will have the information/clues of their lead player, and that is what they use to play with in the game. The expandable players all have duplicate cards, but are in the game just like everybody else otherwise. This is a great way to host large events and still give everyone a role in the game. If you are hosting a party for a large number of people, you would not want too many story lines to sift through once the mystery occurs. That's a nightmare. This enables you to grow your guest list without adding chaos to your game.

Hosting a large party with this game

- 18 unique players in the main game (purchased separately)
- A team of 15+ comics with Hilar O'Shea (comes with the main game)
- A team of 15+ moochers with Takey McTakerton (comes with the main game)
- 5 unique players from expansion pack #1
- A team of 15+ police officers with Officer Nelson (comes with expansion pack #1)

Therefore, you have the ability to invite at least 68 people to your event. You could stretch to ~ 80 or so by adding more players to each team.
